Assessment	Description	Delivery	Assessment Dates	Moderations	Level Of Control
Coursework Priority 1	Coursework prep work was delivered during lockdown number 2 by JAM. Students were all given a 'talk coach' who they were advised to send completed sections to to receive feedback.	Initial work and preparation was delivered in Y12. With some content developed in Lockdown 1. Delivery via powerpoint and Teams. "Live" lessons were delivered during second lockdown by LPW. The final talk was delivered and completed face to face, in school with LPW. When students requested "live" meetings were set up with individual students upon request.	Mon 1st-Fri 5th March	Moderations took place with all staff who were involved in the process. Staff either joined in with students talks "live" through teams or was present within some students talk alongside LPW. Staff both filled in the assessment criteria sheets and marks were awarded. All teachers agreed and were within tolerance of LPW marking.	Medium
Practical Priority 1	Marked and moderated 1 activity. We used class lessons, school assessment moderations, students video evidence, coaches statements and students powerpoints to make final assessments and judgments. We had to be careful to mark to where they would of been if sport had been allowed to continue. This proved difficult as many students due to their age and local and national and NGB restrictions meant some students have not performed in their chosen sport since March 2020.	Grades were used based on the DVD evidence, coaches statements and any supporting certifications.	Ongoing since September 2019	LPW, JAM, SMM, CAC, SMA have watched all students practical evidence that has been provided. Together we have read coaches statements if they have been provided and read their sporting history profiles.	Limited - no control required
In Class Assessments 2021  Priority Order 1. Paper 1 exam 2. Paper 3 10 Mark Question 3. Independent task to write a sports article	For paper 1 students sat a past paper but without the 20 mark extended answer question. Time was spend in lessons preparing the students for these topics and the assessment was carried out closed book in lesson time.	Paper 1 assessment, 5 lessons were dedicated to recapping the topics and students were given half term to complete their own revision.	Paper 1 assessment - Tuesday 13th April.	Completed by KFK, AMB, JAM and LPW (specialist techers) Moderations completed from the week beginning 4th May.	High

4. November progress check	Students have completed a 10 mark extended answer question specifically on a paper 3 topic. Students were given the choice of 3 questions which were each covered within lesson time. The question was then answered closed book.	Paper 3 assessment task, 5 classroom lessons were spend preparing the students for each question. Students were then given 2 planning lessons and half term to finish preparing.	Paper 3 assessment Thursday 15th April	Completed by KFK, AMB, JAM and LPW (specialist techers) Moderations completed from the week beginning 4th May.	Medium
	Students have also been set a research/ICT task where they were asked to research a topic which could then be published as a PE Review article	PE review task was introduced on Monday 26th April and students were given 3 lessons to complete this.	Paper 3 PE review task deadline Monday 10th May	Completed by KFK, AMB, JAM and LPW (specialist techers) Moderations completed from the week beginning 4th May.	Limited
	Paper2/3 assessment. Students sat a 50 mark paper in November 2020 which was a mixture of both paper 2 and paper 3 content.		Nov-20		High
	Paper 1 assessment. Students sat a 45 mark paper in November 2020 which was content that had been taught for Paper 1		Nov-20		High
