

# AQA AS-Level Biology – 7401: WBHS Summer 2021 Assessment Record

## Record produced and finalised by:

Head of Department: SOPHIE PEARSON

Role: HEAD OF BIOLOGY

Signature: 

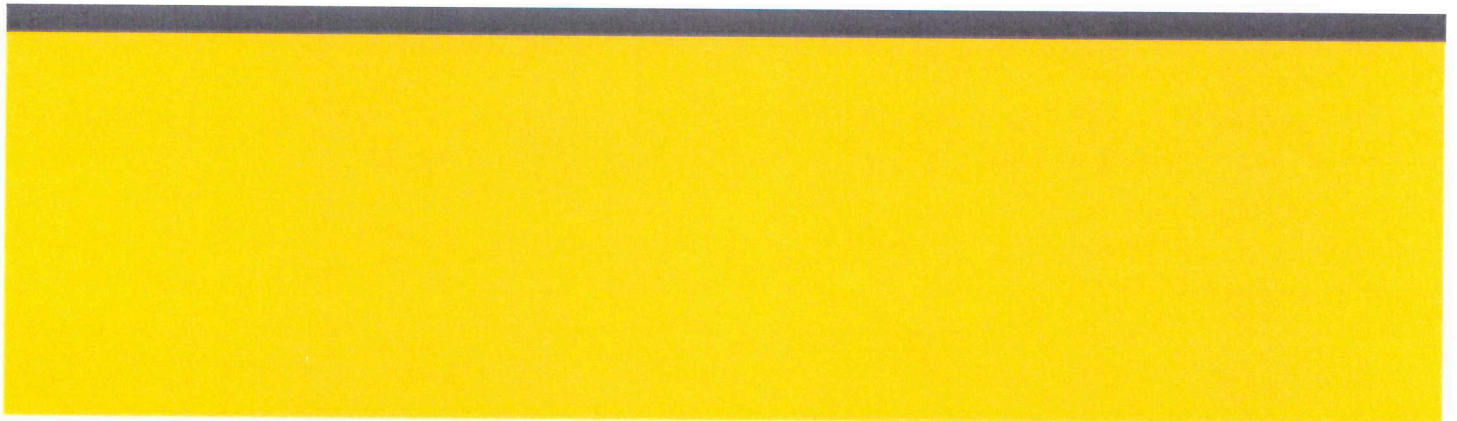

Date: 8/7/21

Second Verifier: ALEX ROSS

Role: SCIENCE TEACHER

Signature: 

Date: 08.07.21

## AS LEVEL BIOLOGY OVERVIEW

This document is relevant for one student who is in for an AS level in Biology.

She left WBHS in November 2020.

Please see the table below for her CAG assessment:

Assessment	Type of Assessment	AQA A level Biology 7402 Assessment Objectives (AO)			Level of control (H, M, L)	Dates of standardisation
		AO1	AO2	AO3		
Top weighting: AS level Paper	Written test paper	Y	Y	Y	High (exam conditions)	Monday and Tuesday 7 <sup>th</sup> and 8 <sup>th</sup> June 2021
Other weighting: Year 12 T2H1 test on Tuesday 28th January, this was a topic test on recent topics including: ATP, Water, Ions, Immunity, Digestion, DNA basics (structure and semi-conservative replication, HSW, RP3 & RP4	Students completed various questions from recent topics, exampro selected questions.	Y	Y		High (students sat in lessons under exam condition supervised in class, any students who were caught up due to self-isolation were also supervised in the same way)	Tuesday 11 <sup>th</sup> Feb we reviewed longer answer questions in department meeting time
Other weighting: Year 12 T1H2 test Tuesday 19th	Students completed various questions from recent	Y	Y	Y	High (students sat in lessons under exam condition supervised in class, any students who	Tuesday 3 <sup>rd</sup> Dec we reviewed longer answer questions in

<p>November, it included recent topics: Proteins, enzymes, Plasma membrane, Organelles, Microscopes, How science works (HSW) and experiment planning, Centrifugation</p>	<p>topics, exampro selected questions</p>				<p>were caught up due to self-isolation were also supervised in the same way)</p>	<p>department meeting time</p>
<p>Weekly homework and quiz completion</p>	<p>Students have completed recall quizzes on Microsoft forms and weekly exam question from exampro for homework</p>	<p>Y</p>			<p>Limited</p>	<p>Auto marked and staff pair marking has occurred throughout the time. (September 2019-January 2020)</p>

## AS LEVEL BIOLOGY OVERVIEW

This document is relevant for one student who is in for an AS level in Biology. She is dropping from 4 to 3 subjects.

Please see the table below for her CAG assessment:

Assessment	Type of Assessment	AQA A level Biology 7402 Assessment Objectives (AO)			Level of control (H, M, L)	Dates of standardisation
		AO1	AO2	AO3		
Top weighting: AS level Papers 1 & 2	Written test paper	Y	Y	Y	High	Friday 11 <sup>th</sup> June 2021
Other weighting: Year 12 T3H1 Tuesday 20th or Wednesday 21 <sup>st</sup> April On the topics: genetic diversity etc. (3.4.3 to 3.4.7 on the spec), all gas exchange (3.3.2), plant mass transport (3.3.4.2) and basic heart (3.3.4.1)	Students completed various questions from recent topics, exampro selected questions.	Y	Y	Y	High (students sat in lessons under exam condition supervised in class, any students who were caught up due to self-isolation were also supervised in the same way)	5 <sup>th</sup> May 2021
Other weighting: Year 12 T1H2 test Monday 9th/Tuesday 10th November on the following topics: lipids, proteins,	Students completed various questions from recent topics, exampro selected questions	Y	Y	Y	High (students sat in lessons under exam condition supervised in class, any students who were caught up due to self-isolation were also supervised in the same way)	16 <sup>th</sup> November 2020 in department time

enzymes, microscopy, and centrifugation and as always HSW (how science works)						
<b>T1H1 Driving test will be on Tuesday 29th September 2020</b> , this is a short exam question based assessment and will only be on the following topics: carbohydrates topic, food tests, cells, organelles and HSW (how science works).	Students completed various questions from recent topics, exampro selected questions	Y	Y		High	6 <sup>th</sup> October 2020 in department time
Weekly homework and quiz completion	Students have completed recall quizzes on Microsoft forms and weekly exam question from exampro for homework	Y			Limited	Auto marked and staff pair marking has occurred throughout the time. (September 2019-January 2020)
