

30 October 2020

Dear Parents and Carers

The advice from Government suggested that changing into PE kit is currently not possible in school. This is because changing rooms would need to be deep cleaned between each use. After October half-term - we will allow students to attend school in their PE kit when they have either core PE, or the practical PE lesson in the GCSE or OCR course (which is an additional one lesson per week).

All tutors have received registers identifying which students have PE on each day. We are asking parents to support us with this to ensure students are only wearing their PE kit when it is their practical PE day. It is much easier in First and Middle Schools to identify when students have PE as often everyone in the same class has the lesson at the same time. Therefore, we are trusting students not to take advantage of this scenario and will review and monitor how successful this is.

Thank you for your support.

Yours faithfully

Lisa Wrigglesworth
Head of PE
