*** Note - taken from DfE guidance "What schools must publish online"**

You must include:

- * how much pupil premium funding you received for this academic year
- * details of how you intend to spend the funding, including your reasons and evidence
- * details of how you spent the pupil premium funding you received for last academic year
- * how it made a difference to the attainment of disadvantaged pupils

The funding is allocated for each financial year, but the information you publish online should refer to the academic year.

As you won't know how much funding you're getting for the latter part of the academic year (from April to July), you should report on the funding up to the end of the financial year. You should then update this information later in the year when you have all the figures.

**** Note - Looked After Children**

** Please note the figures for April 20 to March 21 do not include your Looked After Children (LAC) allocation. Details of this will be sent direct from the Virtual Headteacher and will need to be added to the April 20 to March 21 figures above.
