Year 13 Catch-up and Review Sessions

Dear Parent

Thank you for your support in helping our Year 13 students make such a smooth and productive return to school after such unprecedented times. I am writing to let you know about some of our strategies to help students fill any learning gaps they may have due to the enforced closure of the school last academic year. Although most students engaged extremely well with home learning, with many exceptional examples of independent learning, we wanted to provide opportunities for catching up, learning, and reviewing work so that students feel confident.

Every Wednesday and Thursday from next week, 16th September, subjects will be running catch up sessions from 2.25-3.15pm. These will run on a timetable for subjects, with three subject sessions each afternoon. The timetable for this half terms sessions is attached, with our intention that this will continue next half term. Attendance to these sessions is expected, and we would ask for your support with this. All efforts have been made to minimise any subject clashes for students. In the rare case that your child does have a clash then we have asked them to speak to their teachers to determine which session they should attend and which one they could get resources from.

All sessions will take place within our Year 13 D Block bubble and each week we will be emailing rooms and locations for these sessions to students directly. I would very much recommend that students attend everything they are invited to, in order to give themselves the best chance of success.

Thank you for your support in advance.

Richard Chambers
Assistant Head of Sixth Form
Head of Year 13
