

Where Will You Train?

You will be trained in a highly supportive and dynamic environment allowing you to develop your passion for teaching and learning, professional knowledge & understanding, and the skills necessary to become a successful practitioner.

Your training will be based in school with some time spent in university where the professional studies and subject knowledge aspect of the course will be delivered. Most of the training will be delivered by highly skilled teachers within our alliance of schools. From the beginning you will be treated like a member of staff and will attend staff meetings and CPD training programmes.

Newcastle University is the accrediting provider for all primary places.

Applicants must be aware that they may be placed in any of our excellent partner schools throughout the training year. We aim to provide a varied teaching experience in a range of different school contexts. All of our schools can be accessed via public transport but please be aware our alliance of schools cover the Newcastle, Northumberland and North Tyneside area.

For further information on all the partners please visit our website:
